

Switch your Paper Pension Checks to EFT

It's easy to move to an EFT payment. You can do this online at **GM NetBenefits®**. Simply go to the Savings and Retirement section and choose Direct Deposit. You will need to know the name of your bank, what type of an account (savings/checking), your account number and the bank's routing number.

The benefits of EFT are many: First, your pension benefit will be available to you on the first business day of the month. No more waiting for the mail to be delivered! You can be assured you will receive your benefits on time each month. You will receive a confirmation that your payment has been deposited to your chosen account.

If you need assistance, contact a Customer Service Associate by calling, The GM Benefits & Services Center toll-free at 1-800-489-4646, Monday through Friday, between 7:30 A.M. and 6:00 P.M., Eastern Time zone.

In Solidarity,

Cindy
